Student Life

Vibrant Community

At UOW Malaysia we believe that a vibrant campus life is integral to the international-style study experience available throughout our campus network.

Through our Student & Alumni Centre (SAC) in Selangor Campus and Student Service Department (SSD) in Penang Campus, we promote youth engagement and youth leadership among students. UOW Malaysia believes in a holistic approach for youth development and focuses on providing a non-academic experience for students, which enables youth to grow socially, emotionally and cognitively.

By encouraging involvement in soft skill development, UOW Malaysia makes a positive impact on the lives of students and helps them to strive to be all they can be. Our student support services also aim to construct a strong sense of global citizenship amongst students and alumni, which helps build a shared sense of community values and practices.

In addition, UOW Malaysia provides students with a diverse selection of opportunities for practical experience through the numerous co-curricular activities organized throughout the year.

Club & Society

Regular meetings between SAC/SSD and Clubs/Societies representatives are held for updates on their on-going activities. Our student support services also work closely with the Student Council to nurture student clubs and societies and to ensure that activities and programs are aimed at developing students in both a personal, and eventually a professional capacity.
